◆ ABOUT RESULTS

RESULTS UK is a citizen led
advocacy organisation working to
alleviate extreme poverty
worldwide. We empower ordinary
citizens to undertake powerful and
effective advocacy work to help
achieve their goals. We achieve
change through mobilizing funds for
development and ensuring that
existing funds are efficiently used.

Our volunteers work in local groups
to become effective advocates for
change by meeting with our MP,
writing to decision-makers or
getting letters published in local
newspapers. We provide full
guidance and support.
