

2019 campaign calendar

Some campaigning 'hooks' for your advocacy in 2019.

In 2019, we will be asking you to support the replenishment of some important global health funding arrangements that will be happening over the next 18 months, including The Global Fund to Fight AIDS, TB and Malaria; Gavi, The Vaccine Alliance; the Global Polio Eradication Initiative; and the Nutrition for Growth agenda. We'll be shouting about how well-spent UK aid strongly supports these and other efforts to overcome poverty and to achieve the Global Goals.

To help you think through your contribution, we've put together this outline calendar for 2019. This includes some known campaign moments in the year, to provide external 'hooks' for your campaigning. Please note that the campaign moments below are subject to change, as we find out more about the individual influencing opportunities as the year unfolds. We'll tell you about the specific monthly actions you can take nearer the time.

January	February	March
<i>Note:</i> Grassroots monthly conference call put back to Tuesday 8 January.	Global Polio Eradication Initiative investment case TBC Group Leaders' conference call	International Women's Day (8 th) World TB Day (24 th) Brexit?

Olympic Games, Japan (24th July-9th August)

Planning your activities in 2019

2018 has been a busy year at RESULTS. Try thinking about these prompt questions to review your achievements and challenges in 2018, and what you might want to do next year. It's useful to think about how you have worked together as a group, as well as what activities you've done and who you have tried to influence.

Working together

- Are you regularly attending meetings and conference calls?
- How are you dividing up responsibilities and communicating with each other?
- Are you recruiting and welcoming new members?

Actions and activities

- Have members been taking regular and varied monthly actions?
- What actions might you take in 2019?
- How do you feel about your relationship with your MP? How can you build on it this year?

Linking with your community

- Do you have opportunities to link up with other local groups or run joint events?
- Are there opportunities coming up to talk to others about RESULTS?
- Do some of your ideas lend themselves to sharing on social media or promoting in your local media?
