

2020 campaign calendar

Some campaigning 'hooks' for your advocacy in 2020.

In 2020, we will be asking you to continue supporting the replenishment of some important global health funding arrangements – Gavi, the Vaccine Alliance, and the Nutrition for Growth agenda. We'll also be demonstrating the importance of education in helping achieve the Global Goals, in the light of challenges caused by the climate crisis.

To help you think through your contribution on these topics, we've put together this calendar for 2020, including some known campaign moments in the year, to provide external 'hooks' for your campaigning. We'll find out more about influencing opportunities as the year unfolds, and we'll tell you about the specific monthly actions you can take nearer the time.

January	February	March
<i>Note:</i> Grassroots monthly conference call put back to Tuesday 14 January.	Group Leaders' conference call	International Women's Day (8 th) World TB Day (24 th)

Planning your activities in 2020

2019 has been a busy year at RESULTS. Try thinking about these prompt questions to review your achievements and challenges in 2019, and what you might want to do next year. It's useful to think about how you have worked together as a group, as well as what activities you've done and who you have tried to influence. And how might you reach out beyond your group to help others get involved?

Working together

- Are you regularly attending meetings and conference calls?
- How are you dividing up responsibilities and communicating with each other?
- Are you recruiting and welcoming new members?

Actions and activities

- Have members been taking regular and varied monthly actions?
- What actions might you take in 2020?
- How do you feel about your relationship with your MP? How can you build on it this year?

Linking with your community

- Do you have opportunities to link up with other local groups or run joint events?
- Are there opportunities coming up to talk to others about RESULTS?
- Do some of your ideas lend themselves to sharing on social media or promoting in your local media?
